Infinity Firming Face Cream with Matrixyl S6, Q10 and PephaTight

Congratulations on your purchase of Bellahut’s Infinity Firming Face Cream. Products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams, serums and gels are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Directions: Apply on cleansed and toned skin either day or night. Use as often as needed.

Put a dab of cream on your finger and gently massage into the desired area. Keep in mind this cream can be used on both face and body.

(Optional) As a precursor you can use any of Bellahut’s Hyaluronic Acid Serums previous to apply this cream.

Key Ingredients:

Coenzyme Q10 helps to build the skins collagens levels and increase elastin. As we age the level of Q10 decreases and the ability of our skin to hold its shape is lost causing wrinkles, lines and rough skin. By replenishing this well needed ingredient the skin regains its ability to stay firm, resist wrinkles and reduce existing wrinkles.

Matrixyl S6 is the latest addition to the Matrixyl family of peptides. This peptide focuses on stimulation of six major contents of the skin. Collagen I, Collagen III, Collagen IV, Fibronectin, Hyaluronic Acid and Laminin-5. Studies have shown collagen type I had increased by 105%, collagen type III had increased by 104% and collagen type IV had increased by 42%. When applied as a crow’s feet treatment studies have shown a reduction in wrinkles by over 16% and when applied as a treatment for wrinkles on the forehead studies have shown a reduction in wrinkles by 32%. The best thing is that this peptide treats the skin differently than Matrixyl 3000™ and Matrixyl™ so they can be used with each other in order to create very effective wrinkle fighting creams, serums and other skin care products.

PephaTight has been referred as a liquid face lift by many. This formulation has algae and contains pullulan which is a film former, which is water soluble, that gives this ingredient the ability to form a thin film over the skin creating an instant firming effect. PephaTight also contains polysacharides which help accelerate the oxygenation of the skin, in turn, this helps cellular turnover and the building of collagen and elastin. More collagen means less wrinkles.

Ingredients: Deionized Water, Aloe Barbadensis Leaf Juice, Butyrospermum Parkii (SheaButter), Mangifera Indica (Mango) Seed Butter, Olea Europaea (Olive) Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Persea Grattissima (Avocado) Oil, Matrixyl Synthe’6 (Palmitoyl Tripeptide-38), Q10, Pepha-Tight (Nannochloropsis Occulata Extract and Pullulan), Helianthus Annuus (Sunflower) Seed Oil, Vitis Vinifera (Grape) Seed Oil, Caprylic/Capric Triglyceride, Glycerin, Stearic Acid, Glyceryl Stearate, Cetyl Alcohol, Tocopherol (Vitamin E), Cyclopentasiloxane, Phenoxyethanol and Caprylyl Glycol (Optiphen®).

Cautions: Although rare, should you experience any irritation discontinue use of this product. Bellahut’s hydrating creams hydrate so well that it is possible to overhydrate. Overhydration can cause small bumps on the skin. If this occurs, stop using this product for three days and your skin should return to normal. You may start using again at a reduced rate, we recommend every-other day, at this point.
