Infinity Repairing Face Cream with EGF, Phytocelltec, Regu-Age & Renovage

Congratulations on your purchase of Bellahut’s Infinity Repairing Face Cream. Products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams, serums and gels are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Directions: Apply on cleansed and toned skin either day or night. Use as often as needed.

Put a dab of cream on your finger and gently massage into the desired area. Keep in mind this cream can be used on both face and body.

(Optional) As a precursor you can use any of Bellahut’s Hyaluronic Acid Serums previous to apply this cream.

Key Ingredients:

PhytoCellTec preserves the ability to form new epidermal tissue. Young and vital epidermal stem cells can form a complete, multi-layer epidermis in laboratory conditions. When this experiment is conducted on older stem cells, these no longer multiply and no epidermis is formed. These stem cells are depleted and have reached the end of their lifecycle. If Malus Domestica stem cell extract is added to "old" cultivated stem cells, the cells can still generate a stratified epidermis. Under the influence of Malus Domestica stem cell extract, the epidermal stem cells retain their vitality longer and are capable of forming new tissue and renewing the skin.

Renovage is an anti-aging complex that helps to protect against aging by stabilization of telomere and DNA maintenance of cell division. Renovage helps with restoration of the skin's moisture balance and hydration as well as helps to reduce age spots. It also reduces pore size, helps to reduce sagging and thinning while reducing redness and inflammation as well. With all these qualities it has been referred to as the fountain of youth and is very effective in helping to protect against the skin showing signs of aging.

Regu-age is a bioactive that protects the delicate skin around the eyes and visibly reduces the appearance of dark circles. Clinical studies have confirmed improvements in the skin texture of 30% with just four weeks of use. Regu-age has been specifically designed to reduce puffiness, eye bags and dark circles underneath the eyes.

EGF is a polypeptide that has come to the beauty market via the medical industry. EGF was developed to help speed wound recovery and does this by stimulating skin growth at a cellular level and is suspected to increase collagen levels too. In some cases, EGF has had an effect on the reduction of the appearance of acne scars.

Ingredients: Deionized Water, Aloe Barbadensis Leaf Juice, Glyceryl Stearate, Persea Gratissima (Avocado) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Vitis Vinifera (Grape) Seed Oil, Glycerin, Butyrospermum Parkii (Shea Butter), Caprylic/Capric Triglyceride, Squalane/Olea Europaea (Olive) Fruit Oil, Phytocelltec™ (Swiss Apple Callus Culture Extract), Regu™-Age, EGF, Renovage™ (Teprenone), Stearic Acid, Cyclopentasiloxane, Tocopherol (Vitamin E), Cetyl Alcohol, Phenoxyethanol and Caprylyl Glycol (Optiphen®).

Cautions: Although rare, should you experience any irritation discontinue use of this product. Bellahut’s hydrating creams hydrate so well that it is possible to overhydrate. Overhydration can cause small bumps on the skin. If this occurs, stop using this product for three days and your skin should return to normal. You may start using again at a reduced rate, we recommend every-other day, at this point.
