Stem Cell Collagen Cream with PhytoCelltec, Collagen, Collaxyl & Papigen

Congratulations on your purchase of Stem Cell Collagen Cream. Products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams, serums and gels are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Key Ingredients:

PhytoCellTec preserves the ability to form new epidermal tissue. Young and vital epidermal stem cells can form a complete, multi-layer epidermis in laboratory conditions. When this experiment is conducted on older stem cells, these no longer multiply and no epidermis is formed. These stem cells are depleted and have reached the end of their lifecycle. If Malus Domestica stem cell extract is added to "old" cultivated stem cells, the cells can still generate a stratified epidermis. Under the influence of Malus Domestica stem cell extract, the epidermal stem cells retain their vitality longer and are capable of forming new tissue and renewing the skin.

Collagen is a protein that is a major component of connective tissues in our skin. It is responsible for providing your skin with structure. This protein helps to keep your skin firm and wrinkle free when high amounts are present. When we are young, our bodies have high levels of collagen but as we age our collagen levels decline. As our collagen levels decline our skin becomes wrinkled as the structure is compromised and there is not enough collagen to maintain skin firmness. Replenishing collagen is the key to helping your skin keep its young appearance and reduce wrinkles. Another well-known benefit of collagen in skin care is its ability to promote vibrant and glowing skin.

Ingredients:

Deionized Water, Aloe Barbadensis Leaf Juice, Glyceryl Stearate, PhytoCelltec, Collaxyl, Papigen, Marine Collagen, Persea Gratissima (Avocado) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Vitis Vinifera (Grape) Seed Oil, Glycerin, Butyrospermum Parkii (Shea Butter), Caprylic/Capric Triglyceride, Squalane/Olea Europaea (Olive) Fruit Oil, Stearic Acid, Cyclopentasiloxane, Tocopherol (Vitamin E), Cetyl Alcohol, Phenoxyethanol and Caprylyl Glycol (Optiphen®).

Directions: Apply on cleansed and toned skin either day or night. Use as often as needed.

Put a dab of cream on your finger and gently massage into the desired area. Keep in mind this cream can be used on both face and body.

(Optional) As a precursor you can use any of Bellahut's Hyaluronic Acid Serums previous to apply this cream.

Collaxyl is a clinically proven preservative free ingredient that helps to visibly reduce the length and depth of wrinkles. It has also been shown to be highly effective in the reduction of acne scars. Collaxyl™ is an amazing healer that has the ability to repair skin by helping cells to regenerate. In studies Collaxyl™ has been shown to be able to regenerate a tear in a piece of dead skin in just 72 hours with only a single application.

Cautions: Although rare, should you experience any irritation discontinue use of this product. Bellahut's hydrating creams hydrate so well that it is possible to overhydrate. Overhydration can cause small bumps on the skin. If this occurs, stop using this product for three days and your skin should return to normal. You may start using again at a reduced rate, we recommend every-other day, at this point.
