**Stem Cell Collagen Cream with EGF, Collaxyl & Lingonberry Stem Cells**

Congratulations on your purchase of Bellahut’s EGF Collagen Cream. Products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams, serums and gels are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

**Directions:** Apply on cleansed and toned skin either day or night. Use as often as needed.

Put a dab of cream on your finger and gently massage into the desired area. Keep in mind this cream can be used on both face and body.

(Optional) As a precursor you can use any of Bellahut’s Hyaluronic Acid Serums previous to apply this cream.

**Key Ingredients:**

**Lingostem** is a natural active ingredient based on plant stem cells obtained from the lingonberry. This peptide is designed to protect the skin against UV and IR radiation from the sun. Lingonberries are considered a super food and have benefits such as antioxidant as they contain both vitamin E and C respectively. Lingonberries are also high in compounds including anthocyanins and flavonoids. These compounds have been shown to have anti-inflammatory benefits.

**EGF** is a polypeptide that has come to the beauty market via the medical industry. EGF was developed to help speed wound recovery and does this by stimulating skin growth at a cellular level and is suspected to increase collagen levels too. In some cases, EGF has had an effect on the reduction of the appearance of acne scars.

**Collaxyl** is a clinically proven preservative free ingredient that helps to visibly reduce the length and depth of wrinkles. It has also been shown to be highly effective in the reduction of acne scars. Collaxyl is an amazing healer that has the ability to repair skin by helping cells to regenerate. In studies Collaxyl has been shown to be able to regenerate a tear in a piece of dead skin in just 72 hours with only a single application.

**Ingredients:**

Deionized Water, Aloe Barbadosensis Leaf Juice, Glyceryl Stearate, EGF (Epidermal Growth Factor) Phytocelltec (Lingonberry Stem Cells, Collaxyl, Papigen, Persea Gratissima (Avocado) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Vitis Vinifera (Grape) Seed Oil, Glycerin, Butyrospermum Parkii (Shea Butter), Caprylic/Capric Triglyceride, Squalane/Olea Europaea (Olive) Fruit Oil, Stearic Acid, Cyclopentasiloxane, Tocopherol (Vitamin E), Cetyl Alcohol, Phenoxyethanol and Caprylyl Glycol (Optiphen®).

**Cautions:** Although rare, should you experience any irritation discontinue use of this product. Bellahut’s hydrating creams hydrate so well that it is possible to overhydrate. Overhydration can cause small bumps on the skin. If this occurs, stop using this product for three days and your skin should return to normal. You may start using again at a reduced rate, we recommend every-other day, at this point.
