**Eye Lash Growth Serum with SymPeptide XLash & Procapil**

Congratulations on your purchase of Eye Lash Growth Serum. This serum is of the highest quality and contains concentrated quantities of peptides for quick and dramatic results. Similar products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams and serums are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

**Key Ingredients:**

**Procapil** is a hair growth peptide that has been clinically proven to increase the hair up to 121% and has also proven to reduce hair loss by up to 58%. Procapil has been known to work as effectively as prescription-based treatments but without the side effects, harsh chemicals or strong odor. Procapil is manufactured by Sederma and has been on the market for quite some time now. It is an effective and all-natural solution to hair loss.

**SymPeptide XLash** is a peptide that is fast acting and can increase the volume and fullness of eyelashes by up to 25% in just 2 weeks and a 66% increase in length and density in just 4 weeks.
