Key Ingredients:

Renovage is a well-known medical ingredient that can extend cell lifespan and restore the skin texture to a more youthful state. It fights against all signs of aging by improving dehydration, age spots and ineffective barrier function. It also improves skin moisture, redness, pore size, skin roughness. Renovage has been found to reduce fine lines in up to 75 percent in some cases and even 100 percent in other test cases.

R.P.F. stands for Radical Protection Factor aka Swiss Alpine Edelweiss Extract. This is a potent antioxidant with very effective anti-aging, anti-inflammatory and anti-septic properties. It's high radical scavenging activity and antioxidant properties, nearly twice as much as vitamin C. It also protects the skin before and after sun exposure.

Regu-age is a bioactive that protects the delicate skin around the eyes and visibly reduces the appearance of dark circles. Clinical studies have confrimed improvements in the skin texture of 30% with just four weeks of use. Regu-age has been specifically designed to reduce puffiness, eye bags and dark circles underneath the eyes.
