Triple Filler Lip Cream

Congratulations on your purchase of Bellahut’s Triple Filler Lip Cream. This cream is of the highest quality and contains concentrated quantities of peptides for quick and dramatic results. Similar products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams and serums are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Directions: Apply a pea sized amount of cream to your finger and gently massage into the lips. Once absorbed you can cover with your favorite lip balm or lipstick.

For External Use Only.

Key Ingredients:

Aldenine aka Tripeptide-1, is also a part of Hilurlip, with two protein peptides (hydrolyzed soy and wheat protein) making an amazing lip wrinkle smoother and photoaging preventer (protect skin cells from UVA induced DNA damage and also prevent photoaging, thus improving the skin’s appearance).

DMAE is an amazing nutrient that helps to extend the life of cells by inhibiting the cross linking of proteins this gives the skin a tone and firm appearance. DMAE offers anti-aging ability by helping to reduce the appearance of wrinkles, reduce dark circles under the eyes and improve sagging skin by the neck line and jawline. The firm appearance that DMAE provides takes about 20 minutes to occur and usually wears off by the end of the day. DMAE has become very popular as a result of Dr. Nicholas Perricone, M.D.'s top-selling book, *The Wrinkle Cure*, in which he promotes supplementing with DMAE as a treatment for reducing wrinkles. When applied to the skin DMAE stimulates acetylcholine release which triggers a response in the muscles of the face. This activity creates a firmer facial tone and less sagging.

HILURLIP consists of particles of Sodium Hyaluronate (collagen) which have been micronized to enhance penetration and efficacy. The micro particles of Hyaluronan swell when they come into contact with skin water, producing a long-term plumping effect on the lips. HILURLIP™ contains *Hyaluronic acid* and powerful *Tripeptide-1 GHK* that can significantly plump (line filling) and boost collagen around the lip area. Tripeptide-1GHK also protects the lips against the harmful effects of sun exposure and prevents the loss of collagen elasticity and protects skin cells from photodamage.

Ingredients:

Deionized Water, Aloe Barbadensis Leaf Juice, Glyceryl Stearate, Persea Grattissima (Avocado) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Vitis Vinifera (Grape) Seed Oil, Glycerin, Butyrospermum Parkii (Shea Butter), Aldenine® (Tripeptide-1), DMAE, Hilurlip®, Caprylic/Capric Triglyceride, Squalane/Olea Europaea (Olive) Fruit Oil, Stearic Acid, Cyclopentasiloxane, Tocopherol (Vitamin E), Cetyl Alcohol, Phenoxyethanol and Caprylyl Glycol (Optiphen®).

Cautions: Although rare, should you experience any irritation discontinue use of this product. Keep out of reach of children.
