Triple Collagen Infused Lip Cream

<p>Congratulations on your purchase of Bellahut’s Triple Collagen Infused Lip Cream. This cream is of the highest quality and contains concentrated quantities of peptides for quick and dramatic results. Similar products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams and serums are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!</p>	<p>Key Ingredients:</p> <p>DMAE is an amazing nutrient that helps to extend the life of cells by inhibiting the cross linking of proteins this gives the skin a tone and firm appearance. DMAE offers anti-aging ability by helping to reduce the appearance of wrinkles, reduce dark circles under the eyes and improve sagging skin by the neck line and jawline. The firm appearance that DMAE provides takes about 20 minutes to occur and usually wears off by the end of the day. DMAE has become very popular as a result of Dr. Nicholas Perricone, M.D.'s top-selling book, The Wrinkle Cure, in which he promotes supplementing with DMAE as a treatment for reducing wrinkles. When applied to the skin DMAE stimulates acetylcholine release which triggers a response in the muscles of the face. This activity creates a firmer facial tone and less sagging.</p> <p>TRYLAGEN is a combination of active peptides and proteins that can fight the processes that affect the quantity and quality of collagen as we age. It acts on collagen via 3 main functions:</p> <ul style="list-style-type: none"> • Collagen boosting During aging, the synthesis of collagen gradually declines. The active ingredients in TRYLAGEN® boost the synthesis of collagen types I, III and IV, helping to compensate for our decreased production as we age. • Collagen organization The process of fibrillogenesis results in the formation of collagen bundles that are responsible for the strength and resiliency of the skin. TRYLAGEN® controls collagen fibril dimensions by providing a uniformed arrangement to their diameter and spacing them regularly. This provides a better cohesion and stabilization of collagen fibers, and gives suppleness to the skin. • Collagen protection After a certain age the degradation of collagen speeds up, due to an increase in MMP (matrix metalloproteinases) levels. Collagenases, a specific type of MMP, cleave fibrillar collagen into smaller fragments, which are then susceptible to further proteolysis. TRYLAGEN® inhibits the production of human MMP-2 and MMP-3, therefore avoiding excessive collagen damage in aged skin. Its anti-collagenase activity protects collagen from degradation. <p>Hyaluronic acid is a naturally occurring acid found in the extracellular matrix of human tissue. Topically applied, hyaluronic acid forms an air permeable layer and penetrates into the dermis thus boosting the elasticity by affecting the collagen levels and increasing hydration of the skin.</p>	<p>Ingredients:</p> <p>Deionized Water, Aloe Barbadensis Leaf Juice, Glyceryl Stearate, Persea Gratissima (Avocado) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Vitis Vinifera (Grape) Seed Oil, Glycerin, Butyrospermum Parkii (Shea Butter), DMAE, Trylagen®, Hyaluronic Acid, Matrixyl® 3000, Caprylic/Capric Triglyceride, Squalane/Olea Europaea (Olive) Fruit Oil, Stearic Acid, Cyclopentasiloxane, Tocopherol (Vitamin E), Cetyl Alcohol, Phenoxyethanol and Caprylyl Glycol (Optiphen®).</p>
<p>Directions: Apply a pea sized amount of cream to your finger and gently massage into the lips. Once absorbed you can cover with your favorite lip balm or lipstick.</p> <p>For External Use Only.</p>		<p>Cautions: Although rare, should you experience any irritation discontinue use of this product. Keep out of reach of children.</p>
