Bellahut’s Collagen Boost Mask Cream

Congratulations on your purchase of Bellahut’s Collagen Boost Mask Cream. This cream is of the highest quality and contains concentrated quantities of peptides for quick and dramatic results. All of our creams, gels and serums are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Directions: Apply on cleansed and toned skin. Bellahut recommends using this product twice to three times a week for best results.

Spread mask evenly on skin. Let sit for 20 to 30 minutes. Rinse off. Exfoliate weekly to help with absorption. Each application should use about 4 to 5 ml for a standard application.

Key Ingredients:

Hyaluronic acid is a naturally occurring acid found in the extracellular matrix of human tissue. Topically applied, hyaluronic acid forms an air permeable layer and penetrates into the dermis thus boosting the elasticity by affecting the collagen levels and increasing hydration of the skin.

Trylagen is a combination of active peptides and proteins that can fight the processes that affect the quantity and quality of collagen as we age. It acts on collagen via 3 main functions:

- **Collagen boosting** During aging, the synthesis of collagen gradually declines. The active ingredients in TRYLAGEN boost the synthesis of collagen types I, III and IV, helping to compensate for our decreased production as we age.
- **Collagen organization** The process of fibrillogenesis results in the formation of collagen bundles that are responsible for the strength and resiliency of the skin. TRYLAGEN controls collagen fibril dimensions by providing a uniformed arrangement to their diameter and spacing them regularly. This provides a better cohesion and stabilization of collagen fibers, and gives suppleness to the skin.
- **Collagen protection** After a certain age the degradation of collagen speeds up, due to an increase in MMP (matrix metalloproteinases) levels. Collagenases, a specific type of MMP, cleave fibrillar collagen into smaller fragments, which are then susceptible to further proteolysis. TRYLAGEN inhibits the production of human MMP-2 and MMP-3, therefore avoiding excessive collagen damage in aged skin. Its anti-collagenase activity protects collagen from degradation.

Pomegranate extract,
 Boswellia Serrata & Vitamin B5

Ingredients:

Deionized Water, Aloe Barbadosensis Leaf Juice, Glycerin, Cucumis Sativus (Cucumber) Fruit Extract, EGF (epidermal growth factor), Chrysin, Palmitoyl Oligopeptide, N-Hydroxysuccinimide, Palmitoyl Tetrapeptide-7, Palmitoyl Pentapeptide-3, Steareth-20, Polysorbate- 20, Trylagen™ , Renovage™, Magnesium Ascorbyl Phosphate, Vitamin B3 (Niacinamide), Green Tea EGCG, Boswellia Serrata, Vitamin B5, L-Carnosine- aka Beta Alistine™, N-Acetyl Glucosamine, Hyaluronic Acid, Sea Kelp Bioferment, Pomegranate Extract, Horse Chestnut Extract, Carbomer, Phenoxyethanol and Caprylyl Glycol (Optiphen®).

Cautions: Although rare, should you experience any irritation discontinue use of this product. Keep out of reach of children.
