Bellahut's Pentavitin Peptide
Powerful moisturizer that lasts up to 72 hours

Congratulations on your purchase of Bellahut's Pentavitin Peptide. We pride ourselves on return customers so satisfaction from our customers is key and very important to us.

Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Directions: Mix this peptide with a cream, gel or serum in order to make your own custom skin care solution. Keep in mind you should only mix this peptide at a **maximum rate of 8%**.

Key Ingredients:

PENTAVITIN ensures instant, deep hydration by generating a moisture reservoir that lasts for up to 72 hours from the final application. It also offers valuable benefits such as a 50% improvement in skin smoothness and softness and more than 50% reduction in flakiness and itchiness caused by dry skin after only two weeks of application. This ingredient is an identical carbohydrate complex of naturally occurring saccharides and is a 100% natural, plant-derived, ingredient with both ECOCERT approval and NATRUE certifications. It is preservative free and will provide a gentle, effective moisturizing effect for your skin. As proven by extensive in vivo and gene expression studies this peptide leads to more and better hydrated epidermal cells and an improved skin barrier.

Ingredients:

Pentavitin Peptide

INCI: Saccharide isomerate, water, citric acid, sodium citrate

Cautions: Do not apply undiluted peptides or additives directly onto your skin. This is designed to be added to a formulation at the recommended maximum usage rate or less.

You can use Bellahut's premium cream or gel as your base for your formulation.
