**100% Hyaluronic Acid Serum with Syn-Ake, Matrixyl 3000 and Argireline**

Congratulations on your purchase of Bellahut’s 100% Hyaluronic Acid Serum. This serum is made from non-animal stabilized hyaluronic acid which is a pure plant-based form of hyaluronic acid. Products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams and serums are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

**Directions:** Apply on cleansed and toned skin either day or night as often as needed.

Put a few drops of serum on your finger and gently massage into the desired area. Keep in mind this serum can be used on both face and body.

(Optional) Follow up with any of Bellahut’s Hyaluronic Acid Creams or the cream of your choice.

**Key Ingredients:**

**Hyaluronic acid** is a naturally occurring acid found in the extracellular matrix of human tissue. Topically applied, hyaluronic acid forms an air permeable layer and penetrates into the dermis thus boosting the elasticity by affecting the collagen levels and increasing hydration of the skin.

**Argireline** is a peptide that helps with prevention of wrinkles in the skin. When it is absorbed into the body and the cream's chemical composition causes the facial muscles to contract with less force helping with the reduction of wrinkles. This peptide can be quite effective, and in some cases with just the use of Argireline alone, users have experienced up to a 30% reduction in fine lines and wrinkles.

**Matrixyl 3000** is an amazing collagen builder and is the trademark name for palmitoyl pentapeptide-3, one of the powerful peptide molecules found in the latest generation of high-end anti-wrinkle skin care products. This breakthrough ingredient stimulates collagen production in the skin and can even give BOTOX® injections a run for their money in the anti-wrinkle department. Matrixyl becomes even more effective when combined with other peptides. The researchers reported, "A highly significant reduction in the deep and moderate wrinkles was obtained on the side treated with 3% Matrixyl. At the conclusion of the study, the surface area occupied by deep wrinkles was reduced by mean of 68%. The surface area occupied by moderate wrinkles was reduced by mean of 51%."

- Reduction in depth of regular wrinkles up to 29%
- Increase overall Collagen synthesis by up to 117%
- Increase Collagen IV synthesis by up to 357%
- Increase Hyaluronic Acid by up to 267%

**SYN-AKE** is a small molecular weight synthetic peptide that smoothens expression lines by topical application. It mimics the activity of Waglerin-1, a natural occurring peptide found in temple viper venom which has a strong ability to relax muscle contraction.

**Ingredients:**

Deionized Water, Sodium Hyaluronate ( nasha grade ), Aloe Barbadensis (Aloe Leaf) Gel, Vegetable Glycerine, Cucumis Sativus (Cucumber) Fruit Extract, Chrysin, Pentavitin®(Saccharide Isomerate), Palmitoyl Oligopeptide, N-Hydroxysuccinimide, Syn-ake, Argireline, Matrixyl 3000 (Palmitoyl Tetrapeptide-3,7), Steareth-20, Polysorbate- 20, Carbomer, Phenoxyethanol and Caprylyl Glycol (Optiphen®).

**Cautions:** Although rare, should you experience any irritation discontinue use of this product. Bellahut’s hydrating serums hydrate so well that it is possible to overhydrate. Overhydration can cause small bumps on the skin. If this occurs, stop using this product for three days and your skin should return to normal. You may start using again at a reduced rate, we recommend every-other day, at this point.
