100% Hyaluronic Acid Serum with Leuphasyl and Argireline

Congratulations on your purchase of Bellahut’s 100% Hyaluronic Acid Serum. This serum is made from non-animal stabilized hyaluronic acid which is a pure plant-based form of hyaluronic acid. Products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams and serums are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Directions: Apply on cleansed and toned skin either day or night as often as needed.

Put a few drops of serum on your finger and gently massage into the desired area. Keep in mind this serum can be used on both face and body.

(Optional) Follow up with any of Bellahut’s Hyaluronic Acid Creams or the cream of your choice.

Key Ingredients:

Hyaluronic acid is a naturally occurring acid found in the extracellular matrix of human tissue. Topically applied, hyaluronic acid forms an air permeable layer and penetrates into the dermis thus boosting the elasticity by affecting the collagen levels and increasing hydration of the skin.

Argireline is a peptide that helps with prevention of wrinkles in the skin. When it is absorbed into the body and the cream's chemical composition causes the facial muscles to contract with less force helping with the reduction of wrinkles. This peptide can be quite effective, and in some cases with just the use of Argireline alone, users have experienced up to a 30% reduction in fine lines and wrinkles.

Leuphasyl reduces the depth of expression wrinkles, especially in the forehead and around the eyes. It also targets "in vitro" the wrinkle formation mechanism of expression wrinkles in a new way offering an alternative / complement to peptides.

Ingredients:

Deionized Water, Sodium Hyaluronate (nasha grade), Aloe Barbadensis (Aloe Leaf) Gel, Vegetable Glycerine, Cucumis Sativus (Cucumber) Fruit Extract, Chrysin, Palmitoyl Oligopeptide, N-Hydroxysuccinimide, Leuphasyl (Pentapeptide-18), Argireline (Acetyl Hexapeptide-8), Steareth-20, Polysorbate- 20, Carbomer, Phenoxyethanol and Caprylyl Glycol (Optiphen®).

Cautions: Although rare, should you experience any irritation discontinue use of this product. Bellahut’s hydrating serums hydrate so well that it is possible to overhydrate. Overhydration can cause small bumps on the skin. If this occurs, stop using this product for three days and your skin should return to normal. You may start using again at a reduced rate, we recommend every-other day, at this point.
