**70% Hyaluronic Acid Serum with EGF, Citrustem and Lingostem
 Cellular Regrowth Serum**

Congratulations on your purchase of Bellahut’s 100% Hyaluronic Acid Serum. This serum is made from non-animal stabilized hyaluronic acid which is a pure plant-based form of hyaluronic acid. Products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams and serums are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Directions: Apply on cleansed and toned skin either day or night as often as needed.

Put a few drops of serum on your finger and gently massage into the desired area. Keep in mind this serum can be used on both face and body.

(Optional) Follow up with any of Bellahut’s Hyaluronic Acid Creams or the cream of your choice.

Key Ingredients:

Hyaluronic acid is a naturally occurring acid found in the extracellular matrix of human tissue. Topically applied, hyaluronic acid forms an air permeable layer and penetrates into the dermis thus boosting the elasticity by affecting the collagen levels and increasing hydration of the skin.

Citrustem is made from orange stem cells and works by organizing the inner structure of the skin for a younger appearance. In facial formulations, it organizes and re-densifies the dermis structure, repairs the extracellular matrix, and improves cellular adhesion. The result is skin that recovers the elasticity it had nearly a decade ago with a softer and more velvety complexion plus a younger appearance. Stem cells are undifferentiated cells found in all multi-cellular organisms. In plants, stem cells are capable of regenerating the entire plant.

Lingostem is a natural active ingredient based on plant stem cells obtained from the lingonberry. This peptide is designed to protect the skin against UV and IR radiation from the sun. Lingonberries are considered a super food and have benefits such as antioxidant as they contain both vitamin E and C respectively. Lingonberries are also high in compounds including anthocyanins and flavonoids. These compounds have been shown to have anti-inflammatory benefits.

Ingredients:

Glycerin, R.O.Water, Carbomer 940, L-Ascorbic Acid (VitaminC), Glyceryl Polyacrylate, Palmitoyl Lys-Thr-Thr-Lys-Ser (oligopeptide), Sodium Hyaluronate, Citrustem (Orange Stem Cells), Lingostem (Lingonberry Stem Cells), EGF (Epidermal Grow Factors), RPF, Diazolidnnyl Urea, Oil of Olea Europaea, Cyclopentasiloxane, Polysilicone 11, Silica, Cetyl Alcohol, Gynostemma Pentaphyllum Extract, Helianthus Annuus (Sunflower) Seed oil, Hesperidin Methyl Chalcane, Palmitoyl Tetrapeptide - 3, Dipeptide-2, Hydroxysuccinimide, Chrysin, Hibiscus Sabdariffa Flower Extract, Palmitoyl Oligopeptide, Whey Protein, Steareth-20, Stearic Acid, Polyglyceryl-3 Beeswax, Triethanolamine, Phenoxyethanol.

Cautions: Although rare, should you experience any irritation discontinue use of this product. Bellahut’s hydrating serums hydrate so well that it is possible to overhydrate. Overhydration can cause small bumps on the skin. If this occurs, stop using this product for three days and your skin should return to normal. You may start using again at a reduced rate, we recommend every-other day, at this point.
