**Stem Cell Collagen Booster Serum**

Congratulations on your purchase of Bellahut's Stem Cell Collagen Booster Serum. All of our creams, serums and gels are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

**Directions:** Apply a few drops of serum to your finger. Gently massage into the skin until the serum is evenly distributed and absorbed.

(Optional) Cover with a moisturizer or cream of your choice.

**Key Ingredients:** Marine Collagen, Phytocelltec, Biodynes-EMPP, Trylagen & Gatuline.

**Collagen** is a protein that is a major component of connective tissues in our skin. It is responsible for providing your skin with structure. This protein helps to keep your skin firm and wrinkle free when high amounts are present. When we are young, our bodies have high levels of collagen but as we age our collagen levels decline. As our collagen levels decline our skin becomes wrinkled as the structure is compromised and there is not enough collagen to maintain skin firmness. Replenishing collagen is the key to helping your skin keep its young appearance and reduce wrinkles. Another well-known benefit of collagen in skin care is its ability to promote vibrant and glowing skin.

**TRYLAGEN** is a combination of active peptides and proteins that can fight the processes that affect the quantity and quality of collagen as we age. It acts on collagen via 3 main functions:

- **Collagen boosting** During aging, the synthesis of collagen gradually declines. The active ingredients in TRYLAGEN boost the synthesis of collagen types I, III and IV, helping to compensate for our decreased production as we age.
- **Collagen organization** The process of fibrillogenesis results in the formation of collagen bundles that are responsible for the strength and resiliency of the skin. TRYLAGEN® controls collagen fibril dimensions by providing a uniformed arrangement to their diameter and spacing them regularly. This provides a better cohesion and stabilization of collagen fibers, and gives suppleness to the skin.
- **Collagen protection** After a certain age the degradation of collagen speeds up, due to an increase in MMP (matrix metalloproteinases) levels. Collagenases, a specific type of MMP, cleave fibrillar collagen into smaller fragments, which are then susceptible to further proteolysis. TRYLAGEN inhibits the production of human MMP-2 and MMP-3, therefore avoiding excessive collagen damage in aged skin. Its anti-collagenase activity protects collagen from degradation.

**Ingredients:**

Water/Aqua/Eau, hyaluronic acid, PhytoCellTec®, Matrixyl® 3000, Copper Peptide (GHK-Cu), Propanediol, Hydrogenated Castor Oil, Trideceth-9, Triethanolmine, Carbomer, Rosa Centifolia Leaf Cell Extract, Rosa Alba Leaf Cell Extract, Rosa Damascena Leaf Cell Extract, Rosa Canina Fruit Extract, Rosa Damascena Flower Oil, Rosa Canina Fruit Oil, Rose Centifolia Flower Water, Commiphora Myrrha Leaf Cell Extract, Adenium Obesum Leaf Cell Extract, Leuconostoc/Radish Root Ferment Filtrate, Glycerin, Allantoin, Aloe Barbadosensis Leaf Juice, Sodium PCA, Propylene Glycol, Ethylhexylglycerin, PEG-40, Ethylhexyl Salicylate, Ethylhexyl Methoxycinnamate, Disodium EDTA, Potassium Sorbate

**Cautions:** Although rare, should you experience any irritation discontinue use of this product. Keep out of reach of children.
