**Anti-Aging Facial Spray**

<p>Congratulations on your purchase of Bellahut’s Anti-Aging Facial Spray. All of our creams, serums, gels, toners and sprays are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!</p>	<p><b>Key Ingredients:</b></p> <p><b>HYALURONIC ACID</b> - Bellahut's high quality pure grade Hyaluronic Acid cream base is non-greasy and absorbs quickly into the skin. HA is a naturally occurring acid found in the extracellular matrix of human tissue. Topically applied hyaluronic acid forms an air permeable layer and penetrates into the dermis thus boosting the elasticity by affecting the collagen levels and increasing hydration of the skin.</p> <p><b>Collaxyl</b> is a clinically proven preservative free ingredient that helps to visibly reduce the length and depth of wrinkles. It has also been shown to be highly effective in the reduction of acne scars. Collaxyl forces skin to heal itself. It works as a messenger to trigger the body’s natural healing properties to regenerate damaged cells. It also had shown a reduction of surface area occupied by deep wrinkles by a mean of 68% and the surface area occupied by moderate wrinkles was reduced by a mean of 51%.</p>	<p><b>Ingredients:</b></p> <p>Organic Aloe Leaf Juice (Aloe Barbadensis), Phenoxyethanol, Fine Sea Salt (Sodium Chloride), Hyaluronic Acid, Collaxyl®, Argireline®, Organic Kelp Extract (Ascophyllum Nodosum), Organic Blue Green Algae Extract (Aphanizomenon Flos-Aquae), Organic White Willow Bark Extract (Salix Alba), Glycerin, Tea Tree Leaf Oil (Melaleuca Alternifolia), Polysorbate 20, Organic Alcohol, Tetrasodium Glutamate Diacetate</p>
<p><b>Directions:</b> Lightly mist Bellahut’s Anti-Aging Facial Spray onto your face. Let sit for one minute, pat dry any excess with a clean towel or cloth.</p> <p>(Optional) Follow up with any of Bellahut’s Hyaluronic Acid Creams or the cream of your choice.</p>	<p><b>Argireline</b> is a peptide that helps with prevention of wrinkles in the skin. When it is absorbed into the body and the cream's chemical composition causes the facial muscles to contract with less force helping with the reduction of wrinkles. This peptide can be quite effective, and in some cases with just the use of Argireline alone, users have experienced up to a 30% reduction in fine lines and wrinkles.</p>	<p><b>Cautions:</b> Although rare, should you experience any irritation discontinue use of this product. Keep out of reach of children.</p>
