**Bellahut’s Upper Lip Perioral Smoothing Peptide
 Collagen Booster For Types I & IV / Expression Wrinkle Reducer**

Congratulations on your purchase of Bellahut’s Upper Lip Perioral Smoothing Peptide. We pride ourselves on return customers so satisfaction from our customers is key and very important to us.

Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Directions: Mix this peptide with a cream, gel or serum in order to make your own custom skin care solution. Keep in mind you should only mix this peptide at a **maximum rate of 10%**.

Key Ingredients:

Works to reduce or eliminate fine lines around the lip and mouth area and helps to reduce smokers’ lines. Using Aldenin and Seacode as its two main ingredients this will also help prevent photoaging by protecting skin cells from UVA. Seacode will enhance the synthesis of key dermal proteins and help fill in vertical lines to redefine lip contour while smoothing and rejuvenating.

Aldenin aka Tripeptide-1, is also a part of Hilurlip, with two protein peptides (hydrolyzed soy and wheat protein) making an amazing lip wrinkle smoother and photoaging preventer (protect skin cells from UVA induced DNA damage and also prevent photoaging, thus improving the skin’s appearance.)

Seacode can be incorporated in facial formulations especially designed to minimize the appearance of lipstick lines, but also in anti-aging treatments.

- Significantly enhances synthesis of key dermal proteins (collagen I)
- The skins roughness was reduced by 16.5% and 25.1% after 1 and 4 weeks respectively with 2% Seacode applied twice a day, which was visible in the way it improved lipstick lines, as shown in vivo
- Fills in vertical lines to redefine the lip contour
- Fine lines above the lips are smoothed, rejuvenating the face
- Helps repair skin around the lip area
- Anti-aging ingredient to diminish appearance of fine lines above the lips
- Corrective action on wrinkles, fine lines and firmness in the perioral area

Ingredients:

Pseudoalteromonas Ferment Extract, Tripeptide-1

INCI: Water (and) Pseudoalteromonas Ferment Extract (and) Tripeptide-1 (and) Hydrolyzed Soy Protein (and) Hydrolyzed Wheat Protein (and) Phenoxyethanol (and) Butylene Glycol (and) Xanthan Gum (and) Caprylyl Glycol

Cautions: Do not apply undiluted peptides or additives directly onto your skin. This is designed to be added to a formulation at the recommended maximum usage rate or less.

You can use Bellahut's premium cream or gel as your base for your formulation.
