**Bellahut’s Renovage Peptide  
 Helps Repair Cells And Extend Cell Life**

Congratulations on your purchase of Bellahut’s Renovage Peptide. We pride ourselves on return customers so satisfaction from our customers is key and very important to us.

Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

**Directions:** Mix this peptide with a cream, gel or serum in order to make your own custom skin care solution. Keep in mind you should only mix this peptide at a **maximum rate of 3%**.

**Renovage** is a peptide that helps to protect your skin against the effects of stress. With the ability to stabilize telomere and maintain cell division it provides improvement of tissue quality by optimizing cell communication and cell metabolism. Used in mostly anti-aging products to maintain younger looking skin longer and maintain the look of existing youthful skin.

This peptide works best when combined with other “signs of aging” reduction peptides.

**Ingredients:**  
 Renovage Peptide

**INCI:** Caprylic/Capric Triglyceride Teprenone

**Cautions:** Do not apply undiluted peptides or additives directly onto your skin. This is designed to be added to a formulation at the recommended maximum usage rate or less.

You can use Bellahut's premium cream or gel as your base for your formulation.
