Bellahut’s Phytocelltec – Alpine Rose Stem Cell Peptide

Helps Increase Skin Stem Cell Vitality, Boosts Regeneration & Improves Skin Barrier Function

Congratulations on your purchase of Bellahut’s Alpine Rose. We pride ourselves on return customers so satisfaction from our customers is key and very important to us.

Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

The Alp Rose is a flower that has strong barrier function and only grows at high altitudes. When cultivated for its stem cells the result is a product that helps to increase skin stem cell vitality, boosts epidermal regeneration by stimulating growth and works as an antioxidant to protect skin from harsh weather and climate changes. The Alp Rose also helps to reduce crow’s feet and has anti-wrinkle properties.

INCI: Rhododendron Ferrugineum Extract (and) Glycerin (and) Aqua / Water

Directions: Mix this peptide with a cream, gel or serum in order to make your own custom skin care solution. Keep in mind you should only mix this peptide at a **maximum rate of 3%.**

Cautions: Do not apply undiluted peptides or additives directly onto your skin. This is designed to be added to a formulation at the recommended maximum usage rate or less.

You can use Bellahut’s premium cream or gel as your base for your formulation.
