**Bellahut’s Biopeptide EL & CL Peptide Blend**

Boosts Collagen, Reduces Stretch Marks, Increases Elasticity & Increases Firmness.

<p>Congratulations on your purchase of Bellahut’s Biopeptide EL &amp; CL Peptide Blend. We pride ourselves on return customers so satisfaction from our customers is key and very important to us.</p> <p>Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!</p>	<p><b>Key Ingredients:</b></p> <p><b>Biopeptide CL:</b> this member of the peptides stimulates the synthesis of collagen and hyaluronic acid in the deep layers of the skin. In addition, palmitoyl oligopeptide has a mild UV protection effect, thus helping to protect the skin from damage. It's always best to try to prevent stretch marks before they start to form. If you use lotion daily or apply stretch mark creams during your pregnancy, you have a better chance having a smooth belly without any ugly blemishes. Stretch mark cream and lotion consisting of Palmitoyl Oligopeptide helps in the prevention of wrinkle formation during pregnancy and also removal of stretch marks after pregnancy. Not only with stretch mark, BioPeptide CL is also helpful for aging skin as well.</p> <p><b>BIOPEPTIDE EL</b> stimulates fibroblasts mobility and acts on skin suppleness. It provides firmness and skin tone improvement. Thanks to protein and glycan neosynthesis, skin grows thicker, firmer and wrinkles become smoother and less apparent. Biopeptide EL is recommended for the formulation of eye contour, hand and face treatment product.</p>	<p><b>Ingredients:</b> A blend of the peptides Biopeptide EL &amp; Biopeptide CL.</p>
<p><b>Directions:</b> Mix this peptide with a cream, gel or serum in order to make your own custom skin care solution. Keep in mind you should only mix this peptide at a <b>maximum rate of 5%.</b></p>		<p><b>Cautions:</b> Do not apply undiluted peptides or additives directly onto your skin. This is designed to be added to a formulation at the recommended maximum usage rate or less.</p> <p>You can use Bellahut's premium cream or gel as your base for your formulation.</p>
