Bellahut’s Capixyl

Hair Growth Peptide – Works by reducing substances that prevent hair growth.

Congratulations on your purchase of Bellahut’s Capixyl. We pride ourselves on return customers so satisfaction from our customers is key and very important to us.

Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

Key Ingredients:

Capixyl works by reducing the substances that damage hair. It promotes the growth of proteins that are required for hair growth. It helps strengthen hair follicles and improves the health and vitality of hair. Capixyl has been found to highly effective by itself or with other hair growth additives such as [Procapil](#). A non-prescription ingredient containing Red Clover Extract and Acetyl Tetrapeptide-3. By inhibiting DHT production, which scientists have found to be a key contributor to hair loss, Capixyl has been found to reverse and restore the ability for hair growth.

INCI: Butylene Glycol (and) Water (and) Dextran (and) Acetyl Tetrapeptide-3 (and) Trifolium Pratense (Clover) Flower Extract

Directions: Mix this peptide with a hair product in order to make your own custom hair care solution. Keep in mind you should only mix this peptide at a **maximum rate of 5%.**

Cautions: Do not apply undiluted peptides or additives directly onto your skin or hair or scalp. This is designed to be added to a formulation at the recommended maximum usage rate or less.
