**Oil Free All Purpose Gel Base**

Congratulations on your purchase of Bellahut’s Oil Free All Purpose Gel Base. Products of this quality tend to have a cost of nearly three to four times more than the Bellahut Price. All of our creams and serums are proudly made in the U.S.A. and have been since inception. We pride ourselves on return customers so satisfaction from our customers is key. Please enjoy this product and if you have any questions please contact us at the email address above. Thank you for being a Bellahut customer!

**Directions:** Use by itself or as a base with peptides.

Put a few drops of gel on your finger and gently massage into the desired area. Keep in mind this gel can be used on both face and body.

**Key Ingredients:**

**Aloe** is an all-natural ingredient that contains antioxidants, enzymes, Vitamins A and C and works as an anti-inflammatory that helps to treat acne and dry skin. Aloe is a great healer for damaged or burned skin and the ability to moisturize dry cells. It is safe for daily use and helps with anti-aging, boosting cell turnover and reducing redness of skin too. B5 has been shown to be an effective moisturizer on the skin that enhances the healing process of wounded and damaged skin.

**DMAE** is an amazing nutrient that helps to extend the life of cells by inhibiting the cross linking of proteins this gives the skin a tone and firm appearance. DMAE offers anti-aging ability by helping to reduce the appearance of wrinkles, reduce dark circles under the eyes and improve sagging skin by the neck line and jawline. The firm appearance that DMAE provides takes about 20 minutes to occur and usually wears off by the end of the day. DMAE has become very popular as a result of Dr. Nicholas Perricone, M.D.'s top-selling book, The Wrinkle Cure, in which he promotes supplementing with DMAE as a treatment for reducing wrinkles. When applied to the skin DMAE stimulates acetylcholine release which triggers a response in the muscles of the face. This activity creates a firmer facial tone and less sagging.

**Vitamin B5** is effective at counteracting the dryness that occurs in aging skin and increases the moisture retention capacity of the skin which allows dry skin to stay supple and elastic longer. It is anti-inflammatory and stimulates skin regeneration. Niacinamide and Panthenol improve the condition of the skin's moisture barrier, a function considered by dermatologists as critical to healthy skin.

**Ingredients:**

Deionized Water, Aloe Barbadensis (Aloe Vera) Leaf Juice, Dimethylethanolamine, pantothenic acid (Vitamin B), Carbomer, Triethanolamine, Tetrasodium EDTA, Phenoxyethanol, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol

**Cautions:** Although rare, should you experience any irritation discontinue use of this product. Bellahut’s hydrating serums hydrate so well that it is possible to overhydrate. Overhydration can cause small bumps on the skin. If this occurs, stop using this product for three days and your skin should return to normal. You may start using again at a reduced rate, we recommend every-other day, at this point.
